

Embrace the power of better communication

Discover Better Communication in Just Six Sessions

FAST6 is an exciting innovation in communication therapy for adults and children with hearing loss.

With FAST6 you'll experience intensive, targeted therapy that provides faster, more dramatic results.

Your ability to communicate — whether at home, at work or in the classroom — will significantly improve in just 6 sessions.

Work with the League's skilled speech-language pathologists to set personalized goals and tailor the therapy plan that's right for you or your child.
